Commercial zone

IGP Eschweiler

Thanks to naturally landscaped surroundings with a generous proportion of green spaces people here have a pleasant working atmosphere and the companies have a representative environment. The IGP has an unusual building development concept: three concentric semi-circles form a group around a center. The inner semi-circle is reserved for service companies, the restaurants/bar and hotel trade. The middle ring is intended for smaller and medium-sized commercial enterprises, and the outer ring for industrial companies.
