Start - Grow - Invest

The TPH is already one of the largest technology parks in Europe. Yet we still constantly endeavor to find new space and make it available to innovative companies. In order to be able to meet greatly increasing demand for available space and to continue implementing our start/grow/invest concept, an additional area has been purchased in the immediate vicinity of the TPH. Companies wishing to utilize the proximity to the TPH now have the possibility to switch to the TPH expansion site and invest in their own buildings there.
